NOTICE TO ASSIGNEE

Enclosed is FCC Form 732 notifying you of Commission consent to the assignment of the construction permit and/or license of the station(s) therein described. Voluntary assignments are required to be completed within sixty (60) days of the date granted.

In addition to the filing of the below mentioned FCC Form 323, you are required to immediately notify the AM Branch (8910), by letter, as to the exact date of the consummation; that is, the date on which the acts necessary to effect the assignment were completed. If you are unable to consummate the transaction within the prescribed sixty (60) day period, you are required to contact the AM Branch and request an extension of time to effectuate the consummation; if you decide not to consummate the transaction, you must also notify the AM Branch of this decision immediately. In addition, you must inform the AM Branch if the station(s) involved were silent prior to consummation and are resuming broadcasting after the consummation or if the station will continue to remain silent for a period after consummation.

Within thirty (30) days after the consummation of the assignment it will be necessary for you to submit an Ownership Report (FCC Form 323) reporting all changes as required by Section 73.3615 of the Rules. Where applicable, a separate Ownership Report should also be completed and submitted for any holding company (25% or greater ownership interest) of the licensee/permittee. Contractual information required by Section 73.3613 should be reported for the assignee in Item 6, page one of the Ownership Report and copies of each instrument should be submitted with the report. If this is an involuntary assignment that was the result of a death or court action, an Ownership Report must be filed to determine that all requirements of the Rules have been met and reported.

In the event the assignee is the licensee/permittee of another station and has a current Ownership Report on file, you may complete and file only page one of FCC Form 323 to reflect the acquisition of the station(s) listed above. FCC Form 323 is enclosed for your convenience in filing.

It is of the utmost importance that all Commission correspondence comes to the immediate attention of the permittee or licensee. Only one mailing address can be maintained for each station. Unless we hear from you to the contrary, the above address will be used as your permanent mailing address.

This grant is subject to the following condition:

That the assignment of license covered by BAL-930825EC be consummated within sixty (60) days of the date of the grant, that the Commission be notified of such consummation within one day thereafter and that the station resume broadcasting, and inform the Commission when station returns to the air within sixty (60) days after consummation of the grant of this application.

If the assignor has any applications pending before the Commission, these applications must be amended to reflect the name of the assignee. Upon consummation of the assignment, amendments to each application must be filed by the assignee, in triplicate, signed by the proper party (see Section 73.3513 of the Rules). Further processing of these applications will be withheld pending receipt of the amendment.

AMENDATORY STATEMENT

The pending application (BAL-930825EC) to assign the license of Station KRKE, Aspen, Colorado from Gardiner Broadcast Properties, Ltd., Debtor-In-Possession ("Debtor") to Moss Entertainment Corporation ("Moss") is amended to respond to the Commission's letter of January 13, 1994 (Ref.: 8910-MMC), copy attached.

The Commission's letter requests "information regarding the Buyer's intent to restore operation of [KRKE], a silent station after consummation". In this connection, Moss respectfully calls attention to the consideration that "consummation" can only occur after the Bankruptcy Court with jurisdiction over Debtor (Bankruptcy Court for the District of Colorado; File No. 93-19507-SBB) approves the assignment of the Station to Moss. A motion seeking such approval has been filed by Debtor, but objections thereto are not due until March 9, 1994, and the date of Court action is totally indeterminate.

In light of the foregoing, Moss advises the Commission as follows:

1. Moss intends to activate Station KRKE as promptly as is feasible, following "consummation". Moss is fully able to do so, financially and personnel-wise. As the Commission knows, Moss operates Station KSPN(FM), Aspen, Colorado, and Moss internally has the technical know-how, the finances and the personnel to restore operation of Station KRKE.

2. In addition, Moss has retained an outside engineering consultant, Fred Veihmeyer, of the firm of Lohnes & Culver, to counsel Moss on station activation. Mr. Veihmeyer has identified the area in which a transmitter for KRKE could be located. Moss is exploring potential sites within that area, but, given the uncertainties concerning Bankruptcy Court action, it would be premature for Moss to finalize land and transmitter arrangements at this juncture. Even so, Mr. Veihmeyer has provided Moss with alternate cost estimates for construction of transmission facilities, utilizing both a self-supporting and a guyed tower. The estimated cost ranges from \$115,982 (for a guyed tower, ground system, 5 kw Harris transmitter, semi-conductor and fuse kit, and basic antenna coupling unit) to \$183,806 (for a self-supporting tower, ground system, 5 kw Harris transmitter, semi-conductor and fuse kit, and a coupling unit in a weatherproof housing). Moss hereby specifically advises that it has sufficient funds on-hand or available from committed resources to purchase either of these equipment packages, and to construct the transmission facility in accordance with good engineering practice.

3. Based on information supplied by Mr. Veihmeyer, construction of the Station will require approximately six weeks, assuming good weather. Moss's construction timetable is set out below:

Weeks 1-4:	Install ground system, pour foundation, allow foundation to cure.
------------	---

**Weeks 5-6: Build housing for transmitter, install
transmitter, erect tower, and install
matching network.**

**4. As noted, Moss has a staff in place, so that programming
can begin immediately following completion of construction.
Notably, Moss proposes to co-locate KRKE's studio with the
studios of KSPN(FM).**

For Assignment of License
File No. BAL-9308252C

Dear Applicants:

This refers to the above-referenced application for assignment of license KRKE(AM), Aspen, Colorado from Gardiner Broadcast Partners, Ltd. to Moss Entertainment Corporation. On September 23, 1993, October 27, 1993, November 18, 1993, and November 29, 1993, Moss Entertainment Corporation's attorney, Mr. Jerome S. Silber, was contacted by telephone and was requested to provide the following information necessary for the processing of the above-captioned application: information regarding the buyer's intent to restore operation of a silent station after consummation. This information should include a copy of the relevant lease or other evidence that the proposed assignee will possess or acquire a physical plant at the time of closing; the proposed assignee's intention with respect to returning the station to the air; and the proposed assignee's anticipated timetable for carrying out all necessary steps that may be required to return the station to the air. To date, the Commission has not received this information.

Accordingly, you are advised that failure to file the requested information within ten (10) days of the date of this letter may result in the dismissal of the application pursuant to the provisions of Section 73.3566(b) of the Commission's Rules.

Sincerely,

Re: KRKE(AM)

Dear Mr. Caton:

On behalf of Gardiner Broadcast Partners, Ltd., Debtor-in-Possession ("Gardiner"), licensee of KRKE(AM), we hereby request continued authority for the station to remain silent pending consummation of the referenced transaction, which will assign the station to Moss Entertainment Corp. ("Moss"). Gardiner last obtained authority for the station to remain silent on November 15, 1993. However, since then, a letter was written to both Gardiner and Moss by Mr. Burtle on January 13, 1994, requesting information about the status of this transaction and plans to restore on-air operation to the station.

~~NEW: Given Acting Secretary~~

February 15, 1994

Page -2-

On January 24, 1994, counsel for Moss responded to Mr. Burtle's letter, explaining that the transaction could not be closed until the United States Bankruptcy Court for the District of Colorado approved the assignment of this license from Gardiner to Moss. A copy of this letter is attached for your convenience. It is our understanding that the appropriate petition has been filed with the Bankruptcy Court and the parties are now awaiting Bankruptcy Court approval. As soon as this transaction is consummated, it is our understanding that Moss will return the station to the air. Because of Gardiner's Chapter 11 status and the fact that this assignment is merely awaiting Bankruptcy Court and Commission approval, Gardiner does not plan on returning this station to the air prior to consummation of the assignment transaction. As explained in the attached letter from Moss' counsel, Jerome S. Boros, Moss will provide further information to the Commission following Bankruptcy Court approval of this transaction.

Gardiner hereby certifies that it is not subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 853a.

Should there be any questions concerning this matter, please communicate with the undersigned counsel.

Very truly yours,

Re: Station KRKE

BAL-930825EC

Your Ref.: 8910-MMC

Dear Mr. Burtle:

On behalf of Moss Entertainment Corp. ("Moss"), this will confirm a telephone conversation with Margaret Egler, of your staff, concerning the pending application (File No. BAL-930825EC) to assign the license of Station KRKE, Aspen, Colorado from Gardiner Broadcast Partners, Ltd., a Debtor-In Possession ("Debtor") to Moss. In our conversation, Ms. Egler agreed that an extension of time in which to respond to your letter of January 13th to Debtor and Moss was appropriate.

As I explained to Ms. Egler, an extension is required because of Debtor's filing, in the United States Bankruptcy Court for the District of Colorado, of a Voluntary Petition under Chapter XI of the United States Bankruptcy Code (File No. 93-19507-SBB). (I enclose a copy of a letter to the Commission from Debtor's counsel, David Silverman, dated December 6, 1993, transmitting a November 30, 1993 amendment reflecting the Chapter XI filing.) The Bankruptcy Court's approval of the assignment of KRKE's license from Debtor to Moss is needed and Bankruptcy counsel to Debtor has confirmed to Moss's counsel that Debtor will seek such approval. (See the enclosed letter of January 12, 1994 from Lee M. Kutner.) Given that Bankruptcy Court approval of the transaction is some time away, Moss desires to reexamine how it shall site and equip the Station and, a extension of time

~~Mr. James D. Burtle~~

~~January 24, 1994~~

to respond to your letter, in context, will not delay the resumption of service to KRKE's listeners. Accordingly, and in view of my conversation with Ms. Egler, this is to advise that Moss expects to respond to your letter within 30 business days from today, i.e., on or before March 8, 1994, and Moss respectfully requests an extension to that time.

In the meantime, if you require any additional information, please do not hesitate to contact me at the New York address of this firm.
